

Daniel Kapffer

Chief Financial Officer of DekaBank Deutsche Girozentrale,
Chief Operating Officer

Daniel Kapffer (born 1968) is a member of the DekaBank Board of Management since 1 May 2019 and Chief Financial Officer since May 2020. As COO, he is furthermore responsible for the IT, Business Services and Organisational Development areas.

Kapffer has been at Deka since 2014. He was Chief Operating Officer for a variety of business divisions, including Asset Management Securities, Capital Markets and Financing. He was also responsible for the Deka Custodian. As Managing Director he played a major role in the reorientation of DekaBank Luxembourg S.A.

Before joining the Deka Group, Kapffer worked for 17 years as a management consultant for Accenture in Germany, including his final position as Member of Management and Senior Partner, and for McKinsey & Company. He was already concentrating on financial service providers during his work as a consultant, with a particular focus on asset managers and capital market-oriented companies. He received a Diploma in Industrial Engineering from TU Darmstadt.
