	Description of how the value of the Notes can be affected by the value of the Underlying(s)	Beschreibung, wie der Wert der Schuldverschreibungen durch den Wert des/der Basiswert(e) beeinflusst werden kann																																																
	The Family "VOLATILITY" comprises Products which provide exposure to the positive or negative performance of the historical variance or historical volatility of an Underlying or a Basket or one or several Underlying(s) within a Basket. Variance and volatility are measures of the dispersion of Underlying(s) returns. The Product Amount(s) are determined based on (a) performance or level of the Underlying or Basket or one or several Underlying(s) within a Basket, and / or (b) historical variance or historical volatility of the Underlying or Basket and / or (c) additional parameters (if relevant). Performance or level or historical variance or historical volatility of the Underlying or Basket can be weighted, leveraged, averaged, locked, floored and/or capped.	Die Familie „Volatility“ umfasst Produkte, die ein Engagement in der positiven oder negativen Entwicklung der historischen Varianz oder historischen Volatilität eines Basiswerts oder eines Korbs oder eines oder mehrerer der in einem Korb enthaltenen Basiswerte ermöglichen. Varianz und Volatilität sind Kenngrößen für die Dispersion der Erträge des/der Basiswert(e). Der (die) Produktbetrag (Produktbeträge) wird/werden auf Grundlage (a) der Wertentwicklung oder des Stands des Basiswerts oder eines Korbs oder eines oder mehrerer der in einem Korb enthaltenen Basiswerte und/oder (b) der historischen Varianz oder historischen Volatilität des Basiswerts oder Korbs und/oder (c) (gegebenenfalls) zusätzlicher Parameter ermittelt. Die Wertentwicklung oder der Stand oder die historische Varianz oder historische Volatilität des Basiswerts oder Korbs können gewichtet, gehebelt, als Durchschnitt ermittelt, eingefroren, mit einer Untergrenze (<i>Floor</i>) versehen und/oder mit einer Obergrenze (<i>Cap</i>) versehen werden.

In addition, the Autocall Credit Linked Products provide exposure to the positive or negative performance of a CDS Spread, where the Product Amount(s) are determined based on one or several conditions, one of which being typically satisfied if the level of the CDS Spread is higher (or lower) than or equal to a pre-defined barrier.	Die Familie „Credit or Bond Linked“ umfasst Produkte, die ein Engagement in dem Kreditrisiko eines Referenzschuldners oder eines Referenzportfolios aus mehreren Referenzschuldnern (bei Kreditereignisbezogenen Schuldverschreibungen) oder in einer Anleihe oder einem Referenzportfolio aus mehreren Anleihen (bei Anleihebezogenen Schuldverschreibungen) und in den Finanzverbindlichkeiten eines entsprechenden Referenzschuldners bzw. eines oder mehrerer Referenzschuldner innerhalb des Referenzportfolios (bei Kreditereignisbezogenen Schuldverschreibungen) ermöglichen und bei denen die Produktbeträge auf Grundlage des Eintritts von Kreditereignissen oder Anleiheereignissen und, im Fall des Eintritts eines oder mehrerer Kreditereignisse, anhand des Barrückzahlungsbetrags bzw. der Physischen Liefermenge (zusammen mit einem etwaigen Barrückzahlungsbetrag für Nicht Lieferbare Verbindlichkeiten), wie in den Zusätzlichen Emissionsbedingungen für Kreditereignisbezogene Schuldverschreibungen definiert, bzw. im Fall des Eintritts eines oder mehrerer Anleiheereignisse, anhand des Barrückzahlungsbetrags, wie in den Zusätzlichen Emissionsbedingungen für Anleihebezogene Schuldverschreibungen definiert, bestimmt werden. Darüber hinaus ermöglichen die Autocall Credit Linked Products ein Engagement in der positiven oder negativen Wertentwicklung eines CDS Spreads, bei dem der Produktbetrag (die Produktbeträge) auf Grundlage einer oder mehrerer Bedingungen bestimmt wird/werden, von denen eine typischerweise erfüllt ist, wenn der Stand des CDS Spreads höher (oder niedriger als eine vordefinierte Barriere ist oder dieser entspricht).

	“i” or “t” or “t1” or “t2” means the reference to any date relating to a Valuation Date, Relevant Valuation Date or a date within a relevant Schedule. For ease of reading, those letters can be replaced by n, t, x, y or z, being clarified that this list is not exhaustive.	„i“ oder „t“ oder „t1“ oder „t2“ steht für die Bezugnahme auf einen Bewertungstag, einen Maßgeblichen Bewertungstag oder einen Tag innerhalb eines maßgeblichen Zeitplans. Zur einfacheren Lesbarkeit können diese Buchstaben ersetzt werden durch n, t, x, y oder z, wobei klargestellt ist, dass diese Liste nicht abschließend ist.
	“k” or “s” means the reference to any Underlying specified in the relevant Basket.	„k“ oder s steht für die Bezugnahme auf einen in dem maßgeblichen Korb angegebenen Basiswert.
	“N” means the number of Underlyings comprised in the relevant Basket.	„N“ steht für die Anzahl der in dem maßgeblichen Korb enthaltenen Basiswerte.
	“SubN” means the number of Underlyings comprised in the relevant sub-basket defined as a part of the relevant Basket. SubN is strictly lower than N.	„SubN“ steht für die Anzahl von Basiswerten, die in dem jeweiligen Sub-Korb enthalten ist, definiert als Teil des jeweiligen Korbes. SubN ist strikt niedriger als N.
	“RVD(i)” (“Relevant Valuation Date” and with the abbreviate “RVD”) means, in respect of any date(i), the reference to a date (which may be different from date(i)).	„MBT(i)” („Maßgeblicher Bewertungstag“ und mit der Abkürzung „MBT“) steht in Bezug auf einen Tag(i) für die Bezugnahme auf einen Tag (der von Tag(i) abweichen kann).
	For illustration purposes, Valuation Date(i) may be, in respect of an Interest Payment Date(i), the Valuation Date immediately preceding such Interest Payment Date.	Beispielsweise kann Bewertungstag(i) in Bezug auf einen Zinszahlungstag(i) der diesem Zinszahlungstag unmittelbar vorangehende Bewertungstag sein.
	“t0” (or “0”) means the first Valuation Date or the first date of a relevant Schedule.	„t0“ (oder „0“) steht für den ersten Bewertungstag oder den ersten Tag eines maßgeblichen Zeitplans.
	“T” means the last Valuation Date or the last date of a relevant Schedule.	„T“ steht für den letzten Bewertungstag oder den letzten Tag eines maßgeblichen Zeitplans.
	For the avoidance of doubt, i-1, t-1, t1-1, t2-1, or T-1 (resp. t+1,t1+1,t2+1, or T+1) means the Valuation Date immediately preceding (resp. following) i, t, t1, t2 or T.	Zur Klarstellung wird festgehalten, dass i-1, t-1, t1-1, t2-1 oder T-1 (bzw. t+1, t1+1, t2+1 oder T+1) für den Bewertungstag steht, der i, t, t1, t2 oder T unmittelbar vorangeht (bzw. darauf folgt).
5.1.2	Enumeration convention	Konvention für Aufzählungen
	Enumeration will be generally defined as follows:	Aufzählungen werden grundsätzlich wie folgt dargestellt:
	The dates within the Reference Formula are defined using the following enumeration “from 0 to t” and / or “from 1 to t” and / or “from t1 to t2”. The ReferenceFormula listed below can be defined with any of such three enumerations, as the case may be to determine the Product Formula.	Die Tage innerhalb der Referenzformel werden durch die Aufzählung „von 0 bis t“ und/oder „von 1 bis t“ und/oder „von t1 bis t2“ definiert. Die nachfolgend aufgeführte ReferenzFormel kann mit einer beliebigen dieser drei Aufzählungen definiert werden, um die Produktformel festzulegen.
	<i>Illustration</i>	<i>Beispiel</i>
	“MaxTimeBasketLevel(t) means the Maximum, for i from 1 to t, of BasketLevel(i)”	„MaxZeitKorbStand(t) steht für den Höchstwert, für i von 1 bis t, von KorbStand(i).“
	could be modified in:	könnte wie folgt verändert werden:
	“MaxTimeBasketLevel(t1, t2) means the Maximum, for i from t1 to t2, of BasketLevel(i).”	„MaxZeitKorbStand(t1, t2) steht für den Höchstwert, für i von t1 bis t2, von KorbStand(i).“
	“(i from t1 to t2)” means any date(i) from and including t1 to and including t2.	„(i von t1 bis t2)“ steht für jeden Tag(i) von t1 (einschließlich) bis t2 (einschließlich).“
	“(k from 1 to N)” means any Underlying(k) within a Basket from and including Underlying(1) to and including Underlying(N).	„(k von 1 bis N)“ steht für jeden in einem Korb enthaltenen Basiswert(k) von Basiswert(1) (einschließlich) bis Basiswert(N) (einschließlich).“

	For the avoidance of doubt, lower and upper bounds of enumerations used in Product Formulae definitions can be modified notably (but not only) to take into account specificities of Schedules relating to Products. For instance (i from 0 to T) used in a generic Product Formula can become (i from 1 to T-1) for the purpose of defining a Product Formula in respect of a particular Product.	Zur Klarstellung wird festgehalten, dass die in den Begriffsbestimmungen von Produktformeln verwendeten Unter- und Obergrenzen von Aufzählungen insbesondere zur Berücksichtigung der Besonderheiten von Zeitplänen für Produkte verändert werden können. Beispielsweise kann „(i von 0 bis T)“, das in einer generischen Produktformel verwendet wird, zur Festlegung einer Produktformel für ein bestimmtes Produkt in „(i von 1 bis T-1)“ geändert werden.
5.1.3	<i>Simplification convention</i>	<i>Konvention für die Vereinfachung</i>
5.1.3.1	For ease of reading, certain conditions relating to Product Formula(e) as defined herein may be simplified as follows:	Zur Verbesserung der Lesbarkeit können bestimmte Bedingungen von Produktformeln, die in diesen Bedingungen definiert werden, wie folgt vereinfacht werden:
	Case 1: only one barrier condition is required	Fall 1: nur eine Barriere-Bedingung ist erforderlich

	Fallback Bond means a bond, if any, selected by the Calculation Agent and issued by the government of the country to whose level of inflation the Inflation Index relates and which pays an interest or redemption amount which is calculated by reference to the Inflation Index, with a maturity date which falls on (a) the same day as the Maturity Date, (b) the next longest maturity after the Maturity Date, if there is no such bond maturing on the Maturity Date, or (c) the next shortest maturity before the Maturity Date, if no bond defined in (a) or (b) is selected by the Calculation Agent. If the Inflation Index relates to the level of inflation across the European Monetary Union, the Calculation Agent will select an inflation-linked bond that is a debt obligation of one of the governments (but not any government agency) of France, Italy, Germany or Spain and which pays an interest or redemption amount which is calculated by reference to the level of inflation in the European Monetary Union. In each case, the Calculation Agent will select the Fallback Bond from those inflation-linked bonds issued on or before the Issue Date and, if there is more than one inflation-linked bond maturing on the same date, the Fallback Bond shall be selected by the Calculation Agent from those bonds. If the Fallback Bond redeems the Calculation Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond redeems (including any bond for which the redeemed bond is exchanged). For the avoidance of doubt, if no bond defined in (a), (b) or (c) above is selected by the Calculation Agent, there will be no Fallback Bond.	Ersatzanleihe bezeichnet eine von der Berechnungsstelle ausgewählte und von der Regierung des Landes, auf dessen Inflationsrate sich der Inflationsindex bezieht, begebene Anleihe, auf die ein Kupon bzw. ein Rückzahlungsbetrag gezahlt wird, dessen Berechnung unter Zugrundelegung des Inflationsindex erfolgt und deren Fälligkeitstag (a) mit dem Fälligkeitstag zusammenfällt, (b) auf den frühesten Termin nach dem Fälligkeitstag fällt, sofern an dem Fälligkeitstag keine solche Anleihe fällig wird, oder (c) auf den spätesten Termin vor dem Fälligkeitstag fällt, sofern von der Berechnungsstelle keine Anleihe im Sinne von (a) oder (b) ausgewählt wurde. Bezieht sich der Inflationsindex auf die Inflationsrate in der Europäischen Währungsunion, so wird die Berechnungsstelle eine inflationsbezogene Anleihe auswählen, bei der es sich um einen Schuldtitel der Regierung (nicht jedoch einer Regierungsbehörde) von Frankreich, Italien, Deutschland oder Spanien handelt und auf die ein Kupon bzw. ein Rückzahlungsbetrag gezahlt wird, dessen Berechnung unter Zugrundelegung der Inflationsrate in der Europäischen Währungsunion erfolgt. In jedem Fall wird die Berechnungsstelle die Ersatzanleihe aus denjenigen inflationsbezogenen Anleihen auswählen, die an oder vor dem Emissionstag begeben wurden, wobei die Berechnungsstelle für den Fall, dass mehr als eine inflationsbezogene Anleihe an demselben Tag fällig wird, die Ersatzanleihe aus diesen Anleihen auswählen muss. Kommt die Ersatzanleihe zur Rückzahlung, wird die Berechnungsstelle auf derselben Grundlage eine neue Ersatzanleihe auswählen, wobei die Auswahl jedoch aus allen zulässigen Anleihen getroffen wird, die im Zeitpunkt der Rückzahlung der ursprünglichen Ersatzanleihe in Umlauf sind (einschließlich jeder Anleihe, gegen die die zurückgezahlte Anleihe ausgetauscht wird). Klarstellend wird festgehalten, dass falls keine in (a), (b) oder (c) oben definierte Anleihe von der Berechnungsstelle ausgewählt ist, es keine Ersatzanleihe geben wird.
	Hedge Positions means any purchase, sale, entry into or maintenance, by Societe Generale or any of its affiliates, of one or more (a) positions or contracts in securities, options, futures, derivatives, interest rate transactions or foreign exchange transactions, (b) securities lending/borrowing transactions, (c) any cash deposits or cash borrowing and/or (d) other instruments, arrangements, assets or liabilities howsoever described in order to hedge, individually or on a portfolio basis, the part of Societe Generale or any of its affiliates' obligations under the Notes.	Absicherungspositionen bezeichnet einen Erwerb, Verkauf, Abschluss oder das Aufrechterhalten von (a) einer oder mehreren Positionen oder Kontrakten in Wertpapieren, Optionen, Terminkontrakten, Derivaten, Zins- oder Devisengeschäften, (b) einem oder mehreren Wertpapierleihgeschäften, (c) Bareinlagen oder Bardarlehen und/oder (d) sonstigen Instrumenten, Vereinbarungen, Vermögenswerten oder Verbindlichkeiten, gleich welcher Bezeichnung, durch die Societe Generale oder eines ihrer verbundenen Unternehmen, die einzeln oder auf

		Portfoliobasis zur Absicherung des Teils der Verpflichtungen der Societe Generale oder eines ihrer verbundenen Unternehmen aus den Schuldverschreibungen dienen.
	Index Sponsor means the entity that publishes or announces (directly or through an agent) the level of the relevant Inflation Index on a regular basis.	Indexsponsor bezeichnet den Rechtsträger, der den Stand des maßgeblichen Inflationsindex regelmäßig (selbst oder über einen Beauftragten) veröffentlicht oder bekannt gibt.
	Inflation Index means any inflation index specified as Underlying in the applicable Final Terms, subject to adjustment pursuant to the provisions of Condition 2.1 below.	Inflationsindex bezeichnet vorbehaltlich einer Anpassung gemäß den Bestimmungen in Bedingung 2.1 unten den Inflationsindex, der in den anwendbaren Endgültigen Bedingungen als Basiswert angegeben ist.
	Payment Date means any date on which a payment is due and payable pursuant to the terms of the Notes.	Zahlungstag bezeichnet einen Tag, an dem eine Zahlung gemäß den Bedingungen der Schuldverschreibungen fällig und zahlbar ist.
	Reference Period means the time period for which the level of the Inflation Index was calculated and to which, as a result, such level of Inflation Index refers, regardless of when this level is published or announced. The time period may be, but is not limited to, a calendar year, a semester, a quarter or a month.	Referenzzeitraum bezeichnet den Zeitraum, für den der Stand des Inflationsindex berechnet wurde und auf den sich folglich dieser Stand des Inflationsindex, gleich ob dieser Stand veröffentlicht oder bekannt gegeben wurde, bezieht. Der Zeitraum kann unter anderem ein Kalenderjahr, ein Halbjahr, ein Quartal oder einen Monat umfassen.
	Substitute Index Level means an index level, determined by the Calculation Agent in accordance with Condition 2.1(a) below.	Ersatz-Indexstand bezeichnet den von der Berechnungsstelle gemäß Bedingung 2.1(a) unten festgestellten Indexstand.
	Successor Index has the meaning given to it in Condition 2.2 below.	Nachfolgeindex hat die diesem Begriff in Bedingung 2.2 unten zugewiesene Bedeutung.
2.	ADJUSTMENTS AND EVENTS	ANPASSUNGEN UND EREIGNISSE
2.1	Delay of Publication	Verzögerung der Veröffentlichung
	(a) If the Closing Price is not published or announced by the day that is five Business Days prior to the next following Payment Date under the Notes, the Calculation Agent will determine a Substitute Index Level (in place of such Closing Price) by using the following methodology:	(a) Falls der Schlusspreis nicht bis zu dem Tag, der fünf Geschäftstage vor dem nächstfolgenden Zahlungstag aus den Schuldverschreibungen liegt, veröffentlicht oder bekannt gegeben wurde, legt die Berechnungsstelle einen Ersatz-Indexstand (anstelle dieses Schlusspreises) anhand der folgenden Methoden fest:
	(i) if applicable, the Calculation Agent shall take the same action to determine the Substitute Index Level for such Payment Date as that taken by the relevant calculation agent pursuant to the terms and conditions of the Fallback Bond;	(i) falls anwendbar, nimmt die Berechnungsstelle dieselbe Handlung zur Festlegung des Ersatz-Indexstands für diesen Zahlungstag wie die von der maßgeblichen Berechnungsstelle gemäß den Emissionsbedingungen der Ersatzanleihe vorgenommene Handlung vor;
	(ii) if (i) above does not result in a Substitute Index Level for such Payment Date for any reason, then the Calculation Agent shall determine the Substitute Index Level as follows:	(ii) falls die gemäß (i) oben vorgenommene Handlung nicht zu einem Ersatz-Indexstand für diesen Zahlungstag aus einem beliebigen Grund führt, stellt die Berechnungsstelle den Ersatz-Indexstand wie folgt fest:
	Substitute Index Level = Base Level x (Latest Level / Reference Level)	Ersatz-Indexstand = Basisstand x (Letzter Stand/Referenzstand)
	Where:	Dabei gilt:
	Base Level means the level of the Inflation Index (excluding any "flash" estimates) published or announced by the Index Sponsor in respect of the time period which is 12 calendar months prior to the time period for which the Substitute Index Level is being determined;	Basisstand bezeichnet den Stand des Inflationsindex (unter Ausschluss etwaiger Schnellschätzungen), der vom Indexsponsor in Bezug auf den Zeitraum veröffentlicht bzw. bekannt gegeben wird, der dem Zeitraum, für den der Ersatz-Indexstand festgestellt wird, zwölf Kalendermonate vorausgeht.
	Latest Level means the latest level of the Inflation Index (excluding any "flash"	Letzter Stand bezeichnet den letzten Stand des Inflationsindex (unter Aus-

	estimates) published or announced by the Index Sponsor prior to the time period in respect of which the Substitute Index Level is being calculated; and	schluss etwaiger Schnellschätzungen), der vom Indexsponsor vor dem Zeitraum veröffentlicht bzw. bekannt gegeben wird, in Bezug auf den der Ersatz-Indexstand festgestellt wird; und
	Reference Level means the level of the Inflation Index (excluding any "flash" estimates) published or announced by the Index Sponsor prior to the time period that is 12 calendar months prior to the time period referred to in "Latest Level" above.	Referenzstand bezeichnet den Stand des Inflationsindex (unter Ausschluss etwaiger Schnellschätzungen), der vom Indexsponsor vor dem Zeitraum veröffentlicht bzw. bekannt gegeben wird, der dem Zeitraum, für den der vorstehend beschriebene „Letzte Stand“ festgestellt wird, zwölf Kalendermonate vorausgeht.
	(b) If a Closing Price is published or announced at any time after the day that is five Business Days prior to the next following Payment Date under the Notes, such Closing Price will not be used in any calculations. The Substitute Index Level so determined pursuant to the paragraph (a) above will be the definitive level for that Reference Period.	(b) Wenn die Veröffentlichung oder Bekanntgabe eines Schlusspreises zu einem beliebigen Zeitpunkt nach dem Tag, der fünf Geschäftstage vor dem nächstfolgenden Zahlungstag aus den Schuldverschreibungen liegt, erfolgt, wird dieser Schlusspreis nicht in die Berechnungen einbezogen. Der gemäß vorstehendem Absatz (a) festgestellte Ersatz-Indexstand ist der endgültige Stand für den betreffenden Referenzzeitraum.
	If the Calculation Agent determines a Substitute Index Level in accordance with this Condition 2.1, the Calculation Agent may make any adjustment or adjustments (without limitation) to (x) the Substitute Index Level determined in accordance with this Condition 2.1 and/or (y) any amount payable under the Notes and/or any other relevant term of the Notes, in each case, as the Calculation Agent deems necessary.	Falls die Berechnungsstelle einen Ersatz-Indexstand nach Maßgabe dieser Bedingung 2.1 festlegt, ist sie berechtigt, etwaige von ihr für notwendig erachtete Anpassungen (x) an dem gemäß Bedingung 2.1 bestimmten Ersatz-Indexstand und/oder (y) an etwaigen gemäß den Schuldverschreibungen und/oder anderen maßgeblichen Bedingungen der Schuldverschreibungen zu zahlenden Beträgen vorzunehmen.
	<i>Provided however that:</i>	<i>Dabei gilt jedoch Folgendes:</i>
	all references to the word "five" in (a) and (b) above shall be deemed to be	Alle vorstehenden Bezugnahmen in den vorstehenden Absätzen (a) und (b) auf das Wort „fünf“ gelten

	For the purposes of this Condition 2, Clearing System means the clearing system through which the Notes are cleared and settled, as specified in the applicable Final Terms.	Für die Zwecke dieser Bedingung 2 bezeichnet Clearingsystem das Clearingsystem, durch das die Schuldverschreibungen gecleart und abgerechnet werden, wie in den anwendbaren Endgültigen Bedingungen angegeben.
2.2	Cessation of Publication	Einstellung der Veröffentlichung
	If the Calculation Agent determines that the level of an Inflation Index is not calculated and announced by the Index Sponsor for two consecutive months and/or the Index Sponsor announces that it will no longer continue to publish or announce the Inflation Index and/or the Index Sponsor cancels the Inflation Index, then the Calculation Agent shall determine a successor index (a Successor Index) (in lieu of any previously applicable Inflation Index) for the purposes of the Notes as follows:	Falls nach Feststellung der Berechnungsstelle der Indexsponsor den Stand eines Inflationsindex während zwei aufeinanderfolgender Monate nicht berechnet und bekannt gibt und/oder der Indexsponsor ankündigt, dass er den Inflationsindex nicht mehr veröffentlichen oder bekannt geben wird, und/oder der Indexsponsor den Inflationsindex einstellt, wird die Berechnungsstelle (anstelle des bisher anwendbaren Inflationsindex) wie folgt einen Nachfolgeindex (ein Nachfolgeindex) für die Zwecke der Schuldverschreibungen bestimmen:
	(i) if at any time, a successor index has been designated by the relevant calculation agent pursuant to the terms and conditions of the Fallback Bond, such successor index shall be designated a Successor Index for the purposes of all subsequent Payment Dates in relation to the Notes, notwithstanding that any other Successor Index may previously have been	(i) falls ein Nachfolgeindex von der maßgeblichen Berechnungsstelle zu einem beliebigen Zeitpunkt gemäß den Emissionsbedingungen der Ersatzanleihe bestimmt wurde, wird dieser Nachfolgeindex als Nachfolgeindex für die Zwecke aller nachfolgenden Zahlungstage in Bezug auf die Schuldverschreibungen ungeachtet dessen, ob zuvor ein anderer Nach-

	determined under paragraphs (ii), (iii) or (iv) below;	folgeindex gemäß den Absätzen (ii), (iii) oder (iv) unten festgelegt wurde, bestimmt;
	(ii) if a Successor Index has not been determined under paragraph (i) above, and a notice has been given or an announcement has been made by the Index Sponsor, specifying that the Inflation Index will be superseded by a replacement index specified by the Index Sponsor, and the Calculation Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Inflation Index, such replacement index shall be the Inflation Index for purposes of the Notes from the date that such replacement index comes into effect;	(ii) falls kein Nachfolgeindex gemäß Absatz (i) oben bestimmt wurde und durch den Indexsponsor eine Mitteilung abgegeben oder eine Bekanntmachung vorgenommen wurde, wonach der Inflationsindex durch einen von ihm festgelegten Ersatzindex ersetzt wird, und dieser Ersatzindex nach Feststellung der Berechnungsstelle die gleiche oder eine im Wesentlichen vergleichbare Formel oder Berechnungsmethode wie die für den zuvor anwendbaren Inflationsindex einsetzt, wird dieser Ersatzindex als Inflationsindex für die Zwecke der Schuldverschreibungen ab dem Tag, an dem dieser Ersatzindex wirksam wird, bestimmt;
	(iii) if a Successor Index has not been determined under paragraphs (i) or (ii) above, the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Inflation Index should be. If at least four responses are received, and of those responses, three or more leading independent dealers state the same index, such index will be deemed the "Successor Index". If three responses are received, and two or more leading independent dealers state the same index, such index will be deemed the "Successor Index". If fewer than three responses are received, the Calculation Agent will proceed to paragraph (iv) hereof;	(iii) falls kein Nachfolgeindex gemäß Absatz (i) oder (ii) oben bestimmt wurde, wird die Berechnungsstelle bei fünf führenden unabhängigen Platzeuren anfragen, welcher der Ersatzindex für den Inflationsindex sein soll. Antworten mindestens vier dieser Platzeure und nennen mindestens drei davon denselben Index, gilt dieser als „Nachfolgeindex“. Antworten drei dieser Platzeure und nennen mindestens zwei davon denselben Index, gilt dieser als „Nachfolgeindex“. Antworten weniger als drei dieser Platzeure, geht die Berechnungsstelle gemäß Bedingung (iv) vor;
	(iv) if no Successor Index has been determined under paragraphs (i), (ii) and (iii) above by the fifth Business Day prior to the next following Payment Date under the Notes, the Calculation Agent will determine an appropriate alternative index for such date, acting in good faith and in a commercially reasonable manner, and such index will be deemed the "Successor Index";	(iv) falls kein Nachfolgeindex gemäß Absatz (i), (ii) und (iii) oben bis zum fünften Geschäftstag vor dem nächstfolgenden Zahlungstag aus den Schuldverschreibungen bestimmt wurde, legt die Berechnungsstelle einen angemessenen alternativen Index nach Treu und Glauben und in wirtschaftlich angemessener Weise bis zu diesem Tag fest, der dann als „Nachfolgeindex“ gilt;
	<i>Provided however that:</i>	<i>Dabei gilt jedoch Folgendes:</i>
	- all references to the word "fifth" above may be deemed to be a reference to another time limit as determined by the Calculation Agent pursuant to rules applicable to the relevant Clearing System; and	- Alle vorstehenden Bezugnahmen auf das Wort „fünften“ gelten als Bezugnahmen auf eine andere Frist, wie von der Berechnungsstelle gemäß den für das maßgebliche Clearingsystem anwendbaren Vorgaben bestimmt; und
	(v) if the Calculation Agent determines that no alternative index is appropriate, the Calculation Agent shall:	(v) falls nach Feststellung der Berechnungsstelle kein alternativer Index angemessen ist, wird sie:
	(a) consider such event as an event triggering an early redemption of the Notes (hereafter, an Early Redemption Event). Where an Early Redemption Event occurs, the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, an Early Redemption Amount on the basis of Market Value as defined in Condition 6.3 of the General Terms and Conditions; or	(a) ein solches Ereignis als Auslöser einer vorzeitigen Rückzahlung der Schuldverschreibungen betrachten (im Folgenden, ein Vorzeitiges Rückzahlungsereignis). Tritt ein Vorzeitiges Rückzahlungsereignis ein, kündigt die Emittentin ihre Verpflichtungen aus den Schuldverschreibungen und zahlt an die Schuldverschreibungsinhaber einen Vorzeitigen Rückzahlungsbetrag auf Grundlage des in Bedingung 6.3 der Allgemeinen Emissionsbedingungen definierten Marktwerts; oder

	(b) apply Monetisation until the Maturity Date (as defined in Condition 6.5 of the General Terms and Conditions).	(b) die Monetarisierung bis zum Fälligkeitstag (wie in Bedingung 6.5 der Allgemeinen Emissionsbedingungen definiert) anwenden.
	For the avoidance of doubt, the Calculation Agent shall determine the date on which the Successor Index shall be deemed to replace the Inflation Index for the purposes of the Notes.	Zur Klarstellung gilt: Die Berechnungsstelle legt den Tag fest, an dem der Nachfolgeindex den Inflationsindex für die Zwecke der Schuldverschreibungen ersetzen soll.
	If a Successor Index is determined in accordance with this Condition 2.2, the Calculation Agent may make any adjustment or adjustments (without limitation) to any amount payable under the Notes and/or any other relevant term of the Notes as the Calculation Agent deems necessary.	Falls ein Nachfolgeindex gemäß Bedingung 2.2 bestimmt wird, ist die Berechnungsstelle berechtigt, jegliche Anpassungen an gemäß den Schuldverschreibungen zahlbaren Beträgen und/oder anderen maßgeblichen Bedingungen der Schuldverschreibungen vorzunehmen, die sie für notwendig erachtet.
2.3	<i>Rebasing of the Inflation Index</i>	<i>Umbasierung des Inflationsindex</i>
	If the Calculation Agent determines that the Inflation Index has been or will be rebased at any time, the Inflation Index as so rebased (the " Rebased Index ") will be used for purposes of determining the Closing Price from the date of such rebasing; provided, however, that the Calculation Agent shall make such adjustments as are made by the calculation agent pursuant to the terms and conditions of the Fallback Bond, if any, to the level of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Inflation Index before it was rebased. If there is no Fallback Bond, the Calculation Agent shall make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Inflation Index before it was rebased. Any such rebasing shall not affect any prior payments made under the Notes.	Falls die Berechnungsstelle feststellt, dass der Inflationsindex zu irgendeinem Zeitpunkt umbasiert wurde oder wird, wird der entsprechend umbasierte Inflationsindex (der „ Umbasierte Index “) ab dem Tag der Umbasierung zur Feststellung des Schlusskurses verwendet, wobei die Berechnungsstelle jedoch berechtigt ist, die Stände des Umbasierten Index entsprechend den Anpassungen anzupassen, die gemäß den Emissionsbedingungen der Ersatzanleihe vorgenommen wurden, sodass die Stände des Umbasierten Index dieselbe Inflationsrate wie der Inflationsindex vor der Umbasierung widerspiegeln. Falls es keine Ersatzanleihe gibt, nimmt die Berechnungsstelle Anpassungen an den Ständen des Umbasierten Index vor, sodass die Stände des Umbasierten Index dieselbe Inflationsrate wie der Inflationsindex vor der Umbasierung widerspiegeln. Entsprechende Umbasierung haben keinen Einfluss auf etwaige zuvor im Rahmen der Schuldverschreibungen geleistete Zahlungen.
2.4	<i>Material Modification Prior to Payment Date</i>	<i>Wesentliche Änderungen vor dem Zahlungstag</i>
	If, on or prior to the day that is five Business Days prior to the next following Payment Date under the Notes, the Index Sponsor announces that it will make a material change to the Inflation Index, then the Calculation Agent, acting in good faith and in a commercially reasonable manner, shall make any such adjustments to the Inflation Index consistent with adjustments made to the Fallback Bond, or, if there is no Fallback Bond, only those adjustments necessary for the modified Inflation Index to continue as the Inflation Index.	Kündigt der Indexsponsor an oder vor dem Tag, der fünf Geschäftstage vor dem nächstfolgenden Zahlungstag im Rahmen der Schuldverschreibungen liegt, an, dass er eine wesentliche Änderung an dem Inflationsindex vornehmen wird, nimmt die Berechnungsstelle nach Treu und Glauben und in wirtschaftlich angemessener Weise geeignete Anpassungen an dem Inflationsindex entsprechend den Anpassungen an der Ersatzanleihe vor, oder – falls es keine Ersatzanleihe gibt – nimmt sie lediglich jene Anpassungen vor, die erforderlich sind, damit der geänderte Inflationsindex weiterhin als Inflationsindex fortgeführt werden kann.
	<i>Provided however that:</i>	<i>Dabei gilt jedoch Folgendes:</i>
	- all references to the word "five" above may be deemed to be a reference to another time limit as determined by the Calculation Agent pursuant to rules applicable to the relevant Clearing System.	- Alle vorstehenden Bezugnahmen auf das Wort „fünf“ gelten als Bezugnahmen auf eine andere Frist, wie von der Berechnungsstelle gemäß den für das maßgebliche Clearingsystem anwendbaren Vorgaben bestimmt.
2.5	<i>Manifest Error in Publication</i>	<i>Offenkundiger Fehler bei Veröffentlichung</i>
	If, within the earlier of (i) 30 days of publication, and (ii) the day that is five Business Days prior to the next following Payment Date under the Notes, the Calculation Agent determines that the Index Sponsor has corrected the level of the Inflation Index to remedy a manifest error in its original publication, the Calculation Agent may make any adjustment to any amount payable under the Notes and/or any other	Falls die Berechnungsstelle (i) innerhalb von 30 Tagen nach der Veröffentlichung oder (ii) an dem Tag, der fünf Geschäftstage vor dem nächstfolgenden Zahlungstag im Rahmen der Schuldverschreibungen liegt, je nachdem welcher Zeitpunkt früher eintritt, feststellt, dass der Indexsponsor den Stand des Inflationsindex zur Berichtigung eines offenkundigen Fehlers in seiner ursprünglichen Veröffentlichung korrigiert hat, ist die

	relevant term of the Notes as the Calculation Agent deems appropriate as a result of such correction and/or determine the amount (if any) that is payable as a result of that correction.	Berechnungsstelle berechtigt, etwaige Anpassungen an gemäß den Schuldverschreibungen zahlbaren Beträgen und/oder anderen maßgeblichen Bedingungen der Schuldverschreibungen vorzunehmen, die sie aufgrund dieser Korrektur für angemessen erachtet, und/oder (gegebenenfalls) den aufgrund der Korrektur zahlbaren Betrag zu bestimmen.
	<i>Provided however that:</i>	<i>Dabei gilt jedoch Folgendes:</i>
	- all references to the word "five" above may be deemed to be a reference to another time limit as determined by the Calculation Agent pursuant to rules applicable to the relevant Clearing System.	- Alle vorstehenden Bezugnahmen auf das Wort „fünf“ gelten als Bezugnahmen auf eine andere Frist, wie von der Berechnungsstelle gemäß den für das maßgebliche Clearingsystem anwendbaren Vorgaben bestimmt.

Beim Eintritt einer Gesetzesänderung, einer Absicherungsstörung, ein Haltegrenzeereignis oder Erhöhter Absicherungskosten in Bezug auf einen Inflationsindex (der Betroffene Basiswert) kann die Berechnungsstelle die in den Zusätzlichen Emissionsbedingungen für Strukturierte Schuldverschreibungen angegebenen Anpassungen vornehmen.
